Caution!!

Cautionary advice on the consequences resulting from missed or late payments

1. In case of missed or late payments, you, as a cardholder, might have to pay additional fees and charges, for instance, the Bank may charge interest for default which might be equal to the maximum interest rate in accordance with the conditions specified by the Bank plus an additional of 3% per annum, at maximum, but not exceeding the statutory maximum rate.
2. The Bank has the right to deduct money from the cardholder's deposit account (if any) including enforcing, in whole or in part, the collateral the cardholder has with the Bank in order to pay the outstanding balance owed to the Bank.
3. The Bank has the right to transfer or sell off the cardholder's debt, either in whole or in part, to any third-party individual or legal entity.
4. The Bank has the right to terminate the credit card agreement and demand the cardholder to repay the outstanding balance owed to the Bank immediately.
5. The Bank has the right to take any legal action, including filing a lawsuit against the cardholder for the repayment of the outstanding balance.
6. If you are experiencing debt payment difficulty, you should contact the Bank's Collection department at 02-780-5555 to discuss repayment solution and plan.

Credit Card

- Use when necessary and pay back full amount on time to avoid 16% interest rate. Credit card interest will be incurred when the full monthly due has not been paid. In case of missed or late payments, you, as a cardholder, might have to pay additional fees and charges, including interest for default specified by the Bank and debt collection fees.
- Repaying in partial amount or repaying only at minimum due will incur higher interest and longer loan term to pay off your debt than repaying in full.
